Complete Electronic Health Records Solution

Easily meet 'Meaningful Use' guidelines with our simple, cloud-based, ONC Certified, complete ambulatory Electronic Health Records system, AzaleaSM EHR.

AzaleaSM EHR works seamlessly to allow you to operate your paperless practice with continuity and control your workflow. The simple to use cloud-based and web-based AzaleaSM EHR encompasses the entire spectrum of a medical practice from scheduling, charting, e-prescribing, billing, laboratory ordering and reporting, pre-authorization solutions, online CPOE, online personal health records and "Meaningful Use" certification.

AzaleaSM EHR features a dashboard that gives you real time status updates of how close you are to meeting "Meaningful Use" requirements. AzaleaSM EHR also provides patient education and a secure messaging system between the patient and his/her provider(s) that is fully HIPAA compliant.

The user-friendly, AzaleaSM EHR, is secure, reliable, and will dramatically improve the productivity of your practice!
