Use AzaleaSM Pre-Cert for the following services and procedures:

- ✓ Hospital Admissions
- ✓ MRI / CT / PET-CT / X-Ray
- ✓ Outpatient Surgery
- ✓ Sleep Studies
- ✓ Any other procedure that requires insurance pre-certification

Pre-Certification Solutions

Our Pre-Certification Solution combines a secure web-portal, AzaleaSM Pre-Cert, with our expert pre-certification and customer support staff. AzaleaSM Pre-Cert was created in order to easily and accurately acquire all necessary patient information from medical providers for purposes of obtaining prior authorizations for both in-patient and out-patient procedures, as well as hospital admissions.

Our knowledgeable and experienced staff will transmit patient data to appropriate areas within healthcare organizations, as well as communicate with physicians' offices and insurance payers in order to obtain pre-certification and approval requirements for hospitals, outpatient facilities, and patients.

The goal of our Pre-Certification solution is to streamline the pre-certification process and free your staff from the time wasted obtaining authorizations from insurance companies, while maximizing claims reimbursement and turnaround time.
